Dear Dr. Kao,

I have attached all the agreements that we have with HUFS. (MOU, Exchange, Dual Degree)  
We did have an agreement with HUFS that included KORUS for the use of Language Instruction, but an agreement was never signed exclusively with KORUS.  
We do not have an agreement with Education Abroad.

After reviewing the website, the website does not indicate that this company Education Abroad was KORUS. The President and name are different. If you want me to summarize how they operate, please let me know.

Yoonmi

Imin

We have university agreement with HUFS since they are a university.  
We never signed an agreement with KORUS since they are a third party.  
We do not have an agreement with Education Abroad since they are not a university.  
I go not know if Admissions had or have any third party agreements in place.

Aida

This sent a ripple effect to SUNY because of the agreement of SUNY with KORUS, orchestrated by Mitch Leventhal. I'd like to review the old agreement with KORUS and take appropriate action.

The old SBU logo is on the rolling bar on this web site. They did not have a permission of SBU to use our logo in advertising.
