Note from the meeting held between
Prof. Bronisława Morawiecka of Wrocław University
and Prof. Frank Myers of State University at Stony Brook

It has been agreed that if the candidatures have been
accepted by the interested Departments, Polish candidates
will be allowed to go to the United States for one semester.
The candidates themselves will make a decision whether they
want to and are able to accept a self scholarship at Stony
Brook, and will consequently be arranging the necessary
formal procedures. The University commits itself to cover
any additional costs of travel.

Prof. Frank Myers
State University at Stony Brook
