AGREEMENT OF COOPERATION  
between the  
STATE UNIVERSITY OF NEW YORK AT STONY BROOK  
and  
THE UNIVERSITY OF AUCKLAND

In accordance with Section II of the Agreement of Cooperation, the following mechanisms designed to encourage and facilitate exchange of students are hereby established:

1. Students are to be exchanged for the following period: [one academic year or spring or fall semester only]
2. The number of students to be exchanged each year will be up to two. The universities agree to achieve full reciprocity, that is, to exchange an equal number of students by the end of the Agreement period.
3. Initial selection of students will take place at the home institution; however, the host institution reserves the right to deny admission to any student not meeting its general admission criteria.
4. Student dossiers should be received at the host institution no later than May 30 for fall admissions and November 15 for spring admissions for State University of New York at Stony Brook and 10 December for first semester and 31 May for second semester at the University of Auckland.
4. Each host university will guarantee incoming students secure accommodations provided the students meet all requirements and deadlines. Students will be responsible for their own housing costs.
5. The host university will waive tuition charges for the incoming exchange students and will inform them in a timely fashion concerning fees and expenses for which the student will be responsible.
6. Students shall be responsible for health insurance and health care costs, travel expenses and any other costs incurred.
7. Students must be enrolled in a full-time course load at the host university for the duration of the program. At Stony Brook, this equals a minimum of 12 credit hours per semester. At the University of Auckland this equals a minimum of six points per semester or a minimum of 12 points per academic year.
8. Students will be free to choose courses from the full range of courses available at the hosting institution, provided they satisfy course prerequisites and space is available.
9. Students who participate in the exchange program will not be degree candidates at the host University.
10. Both institutes may approve any extension of stay beyond the original length determined. A student who wishes to apply for degree status must reapply to the host University and follow the appropriate application procedures of the host University.
11. At the end of a student's program overseas, each host university will send to the home institution an official record of coursework completed at the host institution.

13. This Appendix shall be in effect for the same period as the Agreement of Cooperation and may be adjusted in writing upon mutual agreement of the two parties. For matters not covered in the Appendix, the universities shall consult the Agreement of Cooperation.
