---

Dear Mr. Samuel Stanley,

It is my pleasure to receive your letter. The Overseas Training Cooperation Framework Agreement has been forwarded to overseas training department. They will get in touch with Mr. Liu Jun to finish the signing process.

State Administration of Foreign Experts Affairs and Stony Brook University have established a cooperative relationship for many years, carried out a pragmatic and effective cooperation, cultivated many professional technical and management personnel for China. We would like to further expand our cooperation in personnel training, enhance the level of cooperation under the principle of mutual benefit.

In order to improve the relevance and quality of overseas training, recently, we increased support to the long-term program of professional and technical training, selected professional and technical personnel to famous universities, research institutes, professional training institutions as well as large enterprise for further learning and training. We would appreciate your help in coordinating and recommending high-quality training curriculum from the areas you have advanced research level, strong teachers' resources, and good teaching quality for trainees and groups from China. Therefore, overseas training department will contact Mr. Liu Jun and explain about high-quality courses information collection matters.

Welcome you to visit SAFEA, and look forward to meeting you again. Wish we have a new and fruitful cooperation!

Best regards,

Lu Ming  
Deputy Administrator  
State Administration of Foreign Experts Affairs
